

Carnation Farmers Market Business Booths

Business booths should ideally be reserved prior to Market season in order to be added to the Market calendar of events. Applications will be accepted as late as one week before the desired Market day.

The Market will provide space each week for up to three business booths to:

- ✓ provide a venue for our local business community to connect with Market customers
- ✓ provide opportunity for sustainable product or service businesses to outreach to our community

Businesses which qualify are defined as those which:

- Are local businesses with their primary location address the Snoqualmie, Snohomish and Sammamish Valleys. Exceptions at the discretion of the manager.
- Provide a service or education
 - Examples: massage therapist, accountant, mechanic, technology based, financial consulting, contractor, daycare, private schools, catering, cooking classes
 - Business booths can promote (but generally not sell) a product that could not otherwise be sold at the Market. This **excludes any** food, plant, animal, farm craft or personal care products

The decision to allow any product-based business booth at Market is at the sole discretion of the Market manager and Market Steering Committee.

Businesses which do not qualify:

- Those which compete with our vendors or potential vendors. Therefore this excludes any food, plant, farm craft or personal care products. Exception: Restaurants within our local Market range may promote their business at Market. We also offer 'chef's demo's' at no charge from local restaurants to educate customers about Market product, while at the same time, promoting their restaurants.
- Those which are 'pyramid schemes' (as defined by Wikipedia), or primarily owned/operated outside of the qualifying area.
